DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 13 and 14, the phrase "extending in the direction" is indefinite. It is unclear what direction is being claimed.

Claim 3 recites the limitation "the lower profile" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim 5 recites the limitation "the U-section profiles" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim 6 recites the limitation "the plates" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim 8 recites the limitation "the first profile of each can" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 3612

Claim 8 recites the limitation "second profile" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

4. Claims 1-8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hirano et al., McKeon, Frank, Artner, and Shimotsu et al. disclose vehicle bumpers with crush cans.
